Preface .....	<i>vii</i>
Acknowledgments .....	<i>ix</i>
Companion CD-ROM .....	Inside Back Cover
1 Embryology, Anatomy, and Histology of the Vasculature of the Skin .....	<i>1</i>
1. Embryologic Aspects <i>1</i>	
2. Anatomic and Histologic Aspects of the Dermis and Blood Vessels <i>2</i>	
2 Special Techniques for the Study of Vessels and Vascular Proliferations .....	<i>7</i>
1. Immunohistochemical Stains <i>7</i>	
2. Molecular Techniques <i>10</i>	
3. Cytogenetic Studies <i>12</i>	
3 Classification of Cutaneous Vascular Proliferations .....	<i>15</i>
4 Cutaneous Vascular Hamartomas .....	<i>19</i>
1. Phakomatosis Pigmentovascularis <i>19</i>	
2. Eccrine Angiomatous Hamartoma <i>23</i>	
5 Cutaneous Vascular Malformations .....	<i>27</i>
1. Nevus Anemicus <i>29</i>	
2. Cutis Marmorata Telangiectatica Congenita <i>32</i>	
3. Nevus Flammeus <i>37</i>	
4. Hyperkeratotic Vascular Stains <i>47</i>	
5. Venous Malformations <i>51</i>	
6. Superficial Cutaneous Lymphatic Malformations <i>63</i>	
7. Cystic Lymphatic Malformations (Cystic Hygromas) <i>67</i>	
8. Lymphangiomas <i>70</i>	
6 Cutaneous Lesions Characterized by Dilation of Preexisting Vessels .....	<i>73</i>
1. Spider Angioma (Nevus Araneus) <i>73</i>	
2. Capillary Aneurysm-Venous Lake <i>76</i>	
3. Telangiectases <i>79</i>	
4. Angiokeratomas <i>86</i>	
5. Lymphangiectases <i>95</i>	

7	Cutaneous Vascular Hyperplasias .....	99
	1. Angiolymphoid Hyperplasia with Eosinophilia	99
	2. Pyogenic Granuloma	105
	3. Bacillary Angiomatosis	112
	4. Verruga Peruana	116
	5. Intravascular Papillary Endothelial Hyperplasia (Masson's Pseudo-Angiosarcoma)	119
	6. Pseudo-Kaposi's Sarcoma	123
	7. Reactive Angioendotheliomatosis	128
8	Benign Neoplasms .....	133
	1. Angioma Serpiginosum	133
	2. Infantile Hemangiomas	136
	3. Cherry Angiomas (Senile Angiomas)	151
	4. Arteriovenous Hemangioma	154
	5. Hobnail Hemangioma (Targetoid Hemosiderotic Hemangioma)	157
	6. Microvenular Hemangioma	161
	7. Tufted Angioma	164
	8. Glomeruloid Hemangioma	169
	9. Acquired Elastotic Hemangioma	174
	10. Kaposiform Hemangioendothelioma	177
	11. Sinusoidal Hemangioma	182
	12. Giant Cell Angioblastoma	184
	13. Spindle Cell Hemangioma (Formerly Spindle Cell Hemangioendothelioma)	186
	14. Benign Lymphangioendothelioma	191
	15. Benign Vascular Proliferations in Irradiated Skin	195
	16. Glomus Tumors	198
	17. Hemangiopericytoma	208
	18. Cutaneous Myofibroma	212
9	Malignant Neoplasms .....	217
	1. Kaposi's Sarcoma	217
	2. Epithelioid Hemangioendothelioma	236
	3. Endovascular Papillary Angioendothelioma (Dabska's Tumor or Papillary Intralymphatic Angioendothelioma)	241
	4. Retiform Hemangioendothelioma	245
	5. Composite Hemangioendothelioma	250
	6. Cutaneous Angiosarcoma of the Face and Scalp of Elderly Patients (Wilson Jones' Angiosarcoma)	251
	7. Cutaneous Angiosarcoma Associated with Lymphedema	258
	8. Radiation-Induced Cutaneous Angiosarcoma	262
	9. Epithelioid Angiosarcoma	268
	10. Malignant Glomus Tumor (Glomangiosarcoma)	271

10	Other Cutaneous Neoplasms With a Significant Vascular Component.....	275
	1. Multinucleate Cell Angiohistiocytoma	275
	2. Angiofibroma	279
	3. Angioleiomyoma	284
	4. Angiolipoma	287
	5. Cutaneous Angiolipoleiomyoma	290
	6. Cutaneous Angiomyxoma	293
	7. Aggressive Angiomyxoma	296
11	Disorders Erroneously Considered as Vascular Neoplasms .....	299
	1. Kimura's Disease	299
	2. "Malignant" Angioendotheliomatosis (Intravascular Lymphomatosis)	304
	3. Acral Pseudolymphomatous Angiokeratoma in Children (APACHE)	309
	Index .....	311
