

## CONTENTS

Preface .....	vii
Contributors .....	ix
1 Role of ACE, ACE2 and Neprilysin in the Kidney .....	1
<i>Mark C. Chappell</i>	
2 ACE Inhibition in Heart Failure and Ischaemic Heart Disease .....	21
<i>Duncan J. John Campbell</i>	
3 Proteases of the Renin-Angiotensin System in Human Acute Pancreatitis .....	55
<i>R. Pezzilli and L. Fantini</i>	
4 The Renin-Angiotensin System in Pancreatic Stellate Cells: Implications in the Development and Progression of Type 2 Diabetes Mellitus .....	73
<i>Seung-Hyun Ko, Yu-Bai Ahn, Ki-Ho Song, and Kun-Ho Yoon</i>	
5 Renin-Angiotensin System Proteases and the Cardiometabolic Syndrome: Pathophysiological, Clinical and Therapeutic Implications ..	87
<i>Guido Lastra, Camila Manrique, and James R. Sowers</i>	
6 The Role of the Renin-Angiotensin System in Hepatic Fibrosis .....	113
<i>J.S. Lubel, F.J. Warner, and P.W. Angus</i>	
7 The Renin-Angiotensin System in the Breast .....	135
<i>Gavin P. Vinson, Stewart Barker, John R. Puddefoot, and Massoumeh Tahmasebi</i>	

8	Role of Local Renin-Angiotensin System in the Carotid Body and in Diseases .....	155
	<i>Man Lung Fung and Po Sing Leung</i>	
9	Bone Homeostasis: An Emerging Role for the Renin-Angiotensin System .....	179
	<i>C. Sernia, H. Huang, K. Nguyuen, Y-H. Li, S. Hsu, M. Chen, N. Yu, and M. Forwood</i>	
10	The Renin-Angiotensin System and its Inhibitors in Human Cancers...	197
	<i>Lucienne Juillerat-Jeanneret</i>	
11	The Skeletal Muscle RAS in Health and Disease .....	221
	<i>David R. Woods</i>	
12	Local Angiotensin Generation and AT <sub>2</sub> Receptor Activation .....	247
	<i>Joep H.M. van Esch and A.H. Jan Danser</i>	
13	ADAMs as Mediators of Angiotensin II Actions .....	273
	<i>A.M. Bourne and W.G. Thomas</i>	
	Index .....	303
